Stronger Communities, Shared
Purpose*

What is most important right now?

Raising Children, Shaping Futures

Priority One: Raising Every Child, Elevating All

To live out our school's Christian vision and ensure that all pupils flourish by improving the life chances of every student, especially those who need school the most (CWNSTM), by closing the attainment gap. We recognise that when we meet the needs of those who need school the most, we enhance the learning experience and outcomes for all.

Priority Two: Flourishing Futures: Ready for the Next Stage

To ensure all pupils are exceptionally well-prepared and confident at each stage of their educational journey, with secure foundational knowledge that supports smooth transitions to the next stage of their learning.
