

Attendance Guidance

What do the
percentages really
mean?

100-97%

Your child is doing really well and your child should be proud of their attendance record

96-93%

Your child's attendance is good, but let's try to make it better

92-90%

Your child's attendance is starting to make us worry. We will work together to improve your child's attendance. You may be invited to meet with our attendance team so we can put a plan in place to support your child's attendance.

90% and below

This is called Persistent Absenteeism and may be stopping your child from being the best that they can be. We will invite you into school for a meeting to discuss how we can improve your child's attendance, and we may decide to make a referral to the Education Welfare Service.

**Term Time
Holidays**

Term time holidays are really damaging to your child's attendance. We are unable to authorise any holidays in school time, and a penalty notice will be issued.
